

YOUR TOTAL SUPPLIER FOR PET CARE SHOPFITTINGS

PET CARE
SHOPFITTINGS

Your partner for quality animal shopfittings!

TORA PET CARE established in 1991 as a family business specialised in manufacturing and designing all kind of animal shopfittings. Together with Aqualife we focus on quality, durable material, flexibility and installing all the shopfittings to the requirements of the animal and the customer.

All our products are manufactured in the largest aquarium company in the Benelux. Eye for detail, the unique requirement experience and expertise has brought *Tora* in the top managed Petcare shopfitting industry. Thanks to our automatic machines that give us the flexibility and possibility to give your animal shop all the expected wishes.

The company Tora is located in Belgium with a production and logistic center of 3500 sqm. Where all our products are manufactured using more than 20 automatic machines. 8 employees, 25 years of experience, eye for endless design, a big range for options and facilities, we produce your animal shop with your requirements!

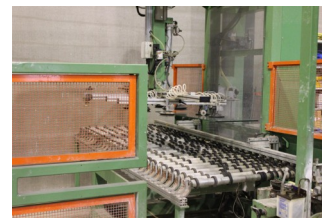

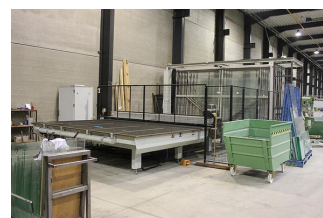

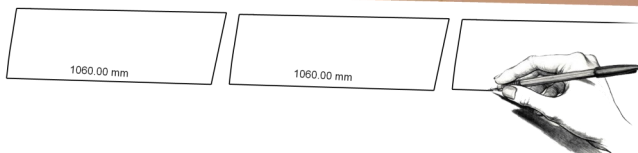

Our products

TORA PET CARE offers all installations for animals, we are specialised in retail shopfittings for: fish, reptiles, birds and rodents. By following the latest new retail products we innovate our systems every day to keep up to date in this market.

We make sure that every animal feels comfortable in their new home, we can provide all the cages or aquariums with the required facilities. We work with durable materials that stay in lifetime good condition and functionality.

Our installing and designing crew have a lot of experience made the last few years which are very important to manufacture these shopfittings.

We can offer a lot of handy automatic options that can be very functional in your shop. Automatic water refreshments, LED lighting, energy saving systems and many more.

Together we figure out...

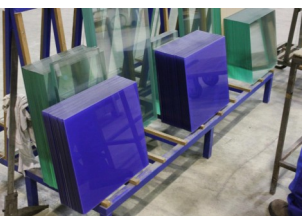

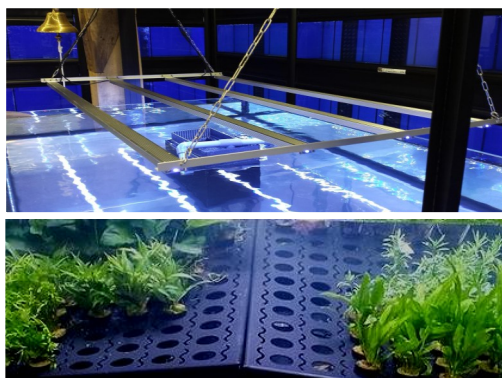

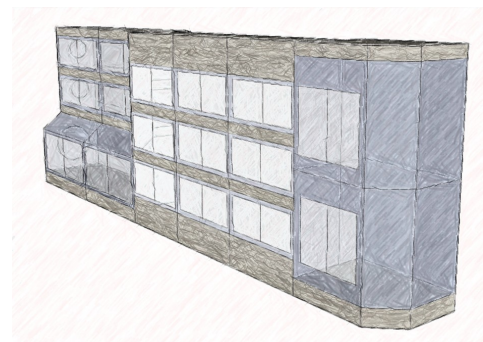

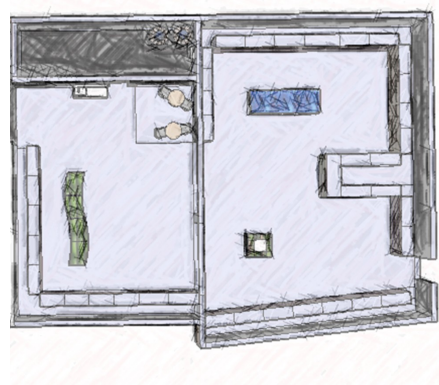

We give the opportunity to make a free 3D store design with all the shopfittings installed in your pet shop. In this way we have a clear view in the shop and to make sure that everything is good installed on the right place.

Whenever you are looking for a renovation, reparation or complete new units Tora will always be the best choice for your installations. If you can imagine it, we can build it!

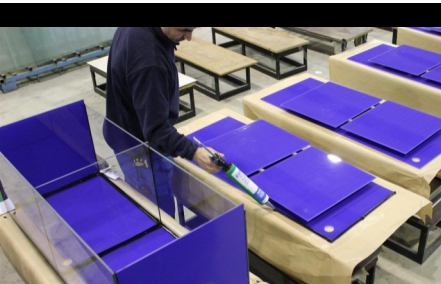

Together with our specialist we will find out the best solutions for your installation. We even will inform you the best advise we can offer to realise your dream for a modern and beautiful pet shop.

Our target point is to produce the best functional shopfittings with a nice design, the latest new facilities and a limited maintenance.

You are invited to enjoy a unique tour at our factory in Belgium.
